

## Code of Ethics for GCRC Child and Youth Programs

1. My first priority in this position will be to seek all the children's welfare: physically, socially, emotionally and spiritually.
2. I will try to understand and respect each person's cultural background.
3. I will give the parent(s) or guardian all the information they need to know about the program.
4. If I suspect that a child/youth in the program has been abused, I will report this to the proper authorities immediately.
5. If I wish to talk to a younger member alone, it will be within sight of other people.
6. I will work with the younger members to set some agreed upon guidelines for acceptable behaviour within the group. I will expect them to act on the basis of those guidelines and if they consistently break them, I will seek help from parents and others to assist me in responding to the situation.
7. I agree to abide by the code of ethics and the program guidelines.
