Automobile insurance is deemed compulsory in the Province of Ontario. The Georgetown CRC recommends that the legal custodian[s] ensure that Standard Endorsement Form [S.E.F.] 44 is added to their personal automobile liability policy for the protection of family members. The coverage is normally automatically added to an insurance policy. The endorsement provides family members with added protection if injured by an at-fault motorist having the minimum provincial insurance coverage [200,000] or by an uninsured motorist. The S.E.F., 44 endorsement is only effective when the legal custodian's automobile liability coverage is greater than the minimum provincial requirement or 200,000.
